The NY 90 will feature 180 athletes from across the country competing at the varsity level. There will be two groups, a boys group of 90 and a girls group of 90. This extremely competitive camp, although intense, will provide a positive learning environment.

NY 90’s emphasis is developing the complete soccer athlete, whether it is based on tactical training or improving the technical ability of each athlete. Camp will consist of 11v11 matches as well as small-sided games.

NY 90 will accept eight male and female Goal Keepers for each group. Each camper will receive two shirts of different colors with numbers to identify each athlete.

NY 90 will accept eight male and female Goal Keepers for each group. Each camper will receive two shirts of different colors with numbers to identify each athlete.

NY 90 has arranged a panel of college coaches to discuss NCAA rules and regulations, the admissions process, as well as developing a solid soccer resume. College players will be available one evening to discuss their college experiences and what to expect in the college game.
